PERSONAL PROJECTS

Institute website

Sep 2020 - Nov 2020

With a team of 5 members we started creation of website. This project consist of institute related information. Most of the part is front-end developing using html css and javascript.

Digicomp Website

[FIGMA UI link](#)

Feb 2022 - Present

The idea behind website is to convert offline queue system in doctors clinic into the online mode. It will make everyone life too much easy. Currently we(team of 4 members) are working on this and make it publish on web soon.

HOBBIES

- Phtography and Editing
- Gaming
- Dancing
